

CaluClean V52 Sticker remover 500ml

CaluClean V52 Sticker remover 500ml

Characteristics:

Sticker remover should be used undiluted.

Paper stickers:

Apply sticker remover with a brush and let it sit for a few minutes. Repeat if necessary, then remove sticker. Put the liquid on a cloth and remove the sticker adhesive.

PVC stickers:

Peel back a piece of the sticker and apply some liquid to the exposed area. Let it sit for a few minutes and then remove the sticker. Apply the liquid again to remove the left over adhesive.

Before applying the liquid, apply on a small area to check whether the substrate is resistant to the product, especially on substrates made of high-gloss paints or plastic.

Technical data:

Colour: Colourless

Odour: Distinct

Viscosity: Liquid

Storage: Well ventilated and away from ignition sources

Packaging: 500ml

Safety information:

See safety data sheet.
